

YOUR LOCAL CHAPTER'S NEWSLETTER PUBLISHED RIGHT HERE!!!

If your chapter publishes a monthly/quarterly newsletter and your postage costs are considered excessive for your Chapter's Treasury and Budget, why not notify your Chapter Members that the newsletter is now available on the net! All they have to do is access your Chapter's Web site, click on RELATED LINKS and then click on the CHAPTER NEWSLETTER link.

Your newsletter can be posted to your Web site if you will forward a copy of it to my attention at paddona@windstream.net as an attachment to an email message identifying the chapter by name and number.

Once you notify your Members that the newsletter is now available for viewing on-line then you can eliminate snail-mailing a hard copy to those members who have a registered E-mail address. That should save your Chapter some \$\$\$ and maybe even encourage some of the more reluctant members to initiate their E-mail address registration with National Headquarters at www.narfe.org That would also entitle them to receive the weekly GEMS messages that Headquarters generates each week.

Interested in discussing this matter further? Call me at 803-951-3213

Paul Donahue SCNARFE Federation WEB Coordinator I can also be contacted at paddon@scnarfe.org
